Exhibit 1: Press Release: Perion Acquires MakeMeReach, Adding Social Media to Its Mobile Marketing Platform, dated February 11, 2015.

**Perion Acquires MakeMeReach,
Adding Social Media to Its Mobile Marketing Platform**

MakeMeReach will be integrated into Perion's GrowMobile platform

Tel Aviv and San Francisco— February 11, 2015 – Perion Network Ltd. (NASDAQ: PERI) announced today that it acquired MakeMeReach, a profitable and rapidly growing Paris-based company and one of Europe's leading social media advertising platforms. MakeMeReach's AdsOptim technology enables mobile app developers to efficiently and effectively scale their advertising campaigns on social media, with a specific focus on optimizing mobile ad campaigns. MakeMeReach is a Facebook Preferred Marketing Developer (PMD) and Twitter Marketing Platform Partner (MPP).

MakeMeReach expands Perion's GrowMobile offering to include the fast-growing social media space, solidifying its position as the industry's most complete and comprehensive automated mobile marketing platform.

"Acquiring MakeMeReach extends our position as one of the leading providers of mobile marketing technology," said Shai Gottesdiener, General Manager of Perion's mobile marketing division. "MakeMeReach's success in making it easy to advertise on social media is well aligned with Perion's goal of providing developers with the most effective mobile advertising tools."

MakeMeReach's award-winning platform, AdsOptim, similar to GrowMobile, is available as both a self-serve and fully-managed platform, providing developers the flexibility to either create and optimize their ad campaigns on their own, or work with the MakeMeReach team to manage their campaigns. The platform's purpose is to simplify mobile social media advertising, as well as boost campaign performance. Product features such as ad rotation, campaign duplication, targeting templates, automated rules-generating and campaign generation, provide developers the tools necessary to streamline and effectively manage their advertising process.

In addition to adding social media functionalities to the GrowMobile platform, the acquisition of MakeMeReach will create a new, successful European office for Perion's GrowMobile, which will lead its European sales and operations. GrowMobile's San Francisco office will continue to handle U.S. sales and operations.

Founded in 2009 by CEO Pierre-François Chiron, MakeMeReach focuses on managing social advertising campaigns for global leading brands such as Match.com, L'Occitane en Provence, Armani and GroupM.

"We are very excited to become a part of the Perion team and look forward to leveraging the vast resources of Perion as we continue to work towards making AdsOptim, as part of GrowMobile, the world's best social media advertising tool," said Mr. Chiron. "Additionally, we believe that the European market offers significant opportunities for Perion and are excited to expand the company's footprint across the continent while strengthening GrowMobile's social offering in the US market."

Mr. Chiron, who will continue to lead the MakeMeReach team, expected to substantially continue as part of Perion, is a seasoned entrepreneur and executive, and a former product manager at Intercim (a company acquired by Dassault Systems).
